global warming

The Green Youth Movement, The Wellness Center,  
Izaak Walton League and Sierra Club present:

## Population, Women & Water

Join this panel discussion to explore the connections among population growth, water supply and demand, environmental protection, reproductive health and rights, and global justice issue.

Speakers include **Laurie Mazur**, editor of a new book, *A Pivotal Moment: Population, Justice and the Environmental Challenge*, staff from participating organizations, and other environmental activists.

*Find out how YOU can make a difference!*

**UIC** University of Illinois  
at Chicago

Thursday, April 8  
4pm-6pm  
Lecture Center C4  
University of Illinois - Chicago

Refreshments will be provided!

Green Youth Movement
