

Biostatistician service for fellows, attendees and faculty of HHSC and McMaster services

Total 3 of them are available for consultation on prior appointment

All 3 are located in Martha wing of St Joseph's hospital

Preferred way of getting consultation is face-to-face i.e. in person. E mail and telephonic consultations are preferably avoided

Please take a copy of your protocol

Explain the research question

- * Biostatistician will help in the following ways
- * Assist in writing the statistical analysis part of protocol
- * Calculate sample size
- * Choose the statistical test to be used in your study
- * Determine the best way to present data (Graphs/ Tables etc)
- * Do statistical analysis

Fee

Consultation is free for faculty (Attending, fellows, residents, ANPs etc)

There is a fee for doing statistical analysis (More details can be had during consultation)
